®

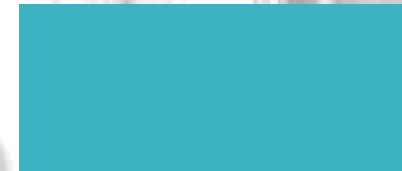

ISO 9001 - 2008

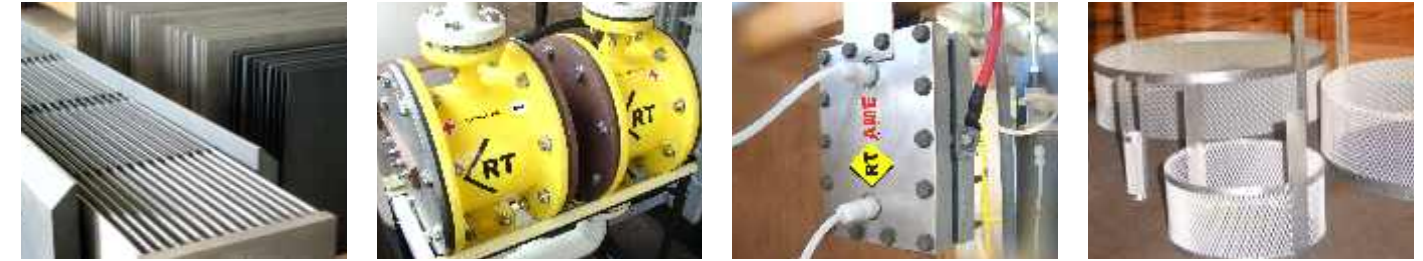

Titanium Tantalum Products Limited

ENGINEERING EXCELLENCE IN ELECTROCHEMISTRY

SINCE 1981

Engineering excellence in electrochemistry

electrochemical cells & components

- Ballast Water Treatment Electrolyzer
- Concentric Tubular Electrolyzer
- Parallel Plate Electrolyzer
- Membrane Cells
- Disc Electrolyzer
- Modular Cells
- Gas Lift Cells

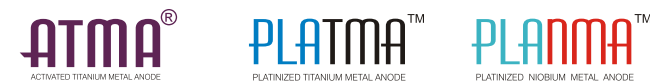

electrochemical systems & packages

- Sodium Hypochlorite Generator Systems
- Mixed Oxidant Generator Systems
- Sewage Treatment Systems
- Chlor Alkali Systems
- Effluent Treatment Systems
- Chlorine Generation Systems
- High Strength Hypo Generation Systems
- Sodium / Potassium Chlorate Systems

anodes & electrodes

- Activated Titanium Metal Anode
- Electroplated Platinum Anode
- Platinized Metal Anode
- Lead Di-oxide Anode
- Special Electrode

corrosion control products

- Platinized Titanium Anodes
- Platinized Niobium Anodes
- Copper Cored Ti / Nb Anodes
- Mixed Metal Oxide Anodes (MMO)
- High Silicon Anodes
- Offshore Anodes
- Industrial Anodes
- Marine anodes
- Aluminium Anodes
- Magnesium Anodes
- Zinc Anodes

solutions we offer

- Recoating Of Anodes
- Refurbishment Of Electrolyzers
- Replacement of Electrolyzers for existing models
- Revamp of Existing Electrochlorination Systems
- Operation & Maintenance of Electrochlorination Systems
- Recoating of Diaphragm/ Mercury/ Membrane Cell Anodes(Chlor-Alkali)

“ For more than 3 decades, TiTaN has met the need for various electrochemical industry by developing a comprehensive line of exceptionally efficient products including electrodes, electrolyzers & electrochlorination systems for the compelling requirements specific to each application and industry.

TiTaN's unrivalled range of electrochemical solutions have been evolved based on its past experience & requirements under the able leadership & guidance of our chairman Dr.R.Thangappan, a world renowned Electrochemist and a scientist turned successful entrepreneur.

Dr. R. Thangappan
B.Sc., Tech (Chem. Engg)
MIE, MIIChE, FSAEST
Chairman
